

## *WILDFIRE CONTROL SPRAYER SKID MOUNTED FOR UTILITY VEHICLES: KAWASAKI MULE, KUBOTA RTV'S & OTHER MODELS*

### **WILDFIRE CONTROL SPRAYER FOR UTILITY VEHICLES**

The Essex Wildfire Control Spray System is designed for optimum capacity and performance with the Utility Vehicles [Kawasaki Mule & Kubota TV]. Diesel unit recommended. It also works well in Standard Pickup beds. Other vehicles need to be Load Rated at 1200 lbs of bedload. Essex Kevlar Belted **SureFoot** tires are recommended for their 1200 lb. Load rating and Puncture protection

The skid mounted apparatus features a 115 gallon tank, 22 gpm pump, 140 psi, and two hoses, 1/2" hoses with spray guns that can project a straight stream up to 50 feet or fan to a cone for wide coverage. Dry weight 250 lbs. Dimensions: 46"W x 57"L x 20"H.

The optional foam induction system multiplies the effectiveness by up to sevenfold. The metered valve unit allows you to control the percentage of foam concentrate for maximum effect. Inductor also works with pesticides and herbicides . Easy change of application with Chemicals inducted to the hoses. The main tank stays clean
